Despite the legal advice of counsel, I want you to know I am no longer with DFCS. I am so sorry for your loss and the failure of the agency to protect Brooklynn.

You can now call each other and see information like Active Status and when you've read messages.

I tried telling everyone she wasn't safe. If I didn't do buy one thing right it was Brooklynn. She was my whole heart and I'll never ever be the same again. I feel as if I failed her. I tried protecting her. Now my daughter's dead. My heart is in a billion pieces I'll never understand why

Who should I contact? Tell me
what I should do please

JUN 4, 2018 AT 2:23 PM

If the agency has not addressed
you and the death personally I
would call the state office and
then the media. Coffee Co
should have addressed your
concerns, that included
physical bruising. They made
initial contact had her take

initial contact had not taken place. I took Brooklynn to their dr and never went back. Brooklynn should be here with you and the kids. Please stay strong for the kids but seek justice for Brooklynn. I am awake every night at 2:15 am and you are always the first person I think of. I know Mr Taylor blames me but I followed policy but I will say that the case history ...well you have transformed your life for your children and was doing so before the loss of Brooklynn. She should have been with you and. Certainly after that report by our office to coffee county, which supported your report of physical abuse.

Was she, Amanda even arrested? I was on leave after my initial visit with you and then medical leave and only returned for 2 weeks before me departure. I was not allowed to

Just stay focused on the kids and use the media to make them hold Amanda accountable and the agency ensure you and the kids never struggle again. Prove them all wrong Rachel. You are the strongest woman I know ...I would have crawled in a hole but you are succeeding and Brooklynn is with you holding your hand and knows you loved her and tried to protect her. Brooklynn's Law should prevent removal from a mother who is seeking and actively in treatment. She should have been with you-

Focus on the facts ...that you provided to me just now. I will be happy to give media the angry case file info
